

AMENDMENT

In The Specification:

Page 1, line 7: after ~~can~~ add "be".

Page 9, line 3: after ~~406~~ add ", which is associated with base station 409 and HLR

407";

Page 10, line 18: after ~~mailbox~~ add ", step 504".

In The Claims:

Please amend claims 1, 7 and 13 and cancel claim 10 as follows:

1. (Once Amended) A system for providing voice messaging to stations connected to different communication networks comprising:

- a plurality of voice mailboxes;
- a first network interface receiving a request to leave a message for a first station, said first station being associated with a first mailbox;
- a second network interface receiving a request to leave a message for a second station, said second station being associated with said first mailbox; and
- a message waiting indication generator, said generator coupled to said first and said second network interface and transmitting a message waiting indication to both said first station and said second station substantially simultaneously over the first and second communication networks.

7. (Once Amended) A system for providing messaging to a plurality of stations, comprising:

- a plurality of mailboxes, each mailbox being associated with two stations;
- a first interface coupled to a first network serving a first one of said two stations;
- a second interface coupled to a second network serving a second one of said two stations;

and
